

Historical Artifacts / Ruins

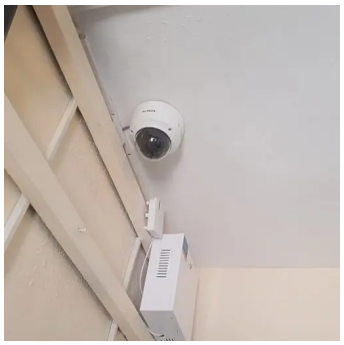

Our main goal in our electrical installation and lighting solutions for historical monuments and ruins is to protect and emphasize our cultural heritage. In these projects that require sensitivity, we keep energy efficiency and electrical safety standards at the highest level and use special technologies that will not harm the authenticity of the artifacts. With LED-based lighting systems and remotely monitored energy management systems, we protect the traces of history, enrich the visitor experience and minimize energy consumption.

ÇANAKKALE ASSOS ARCHAEOLOGICAL SITE

- Renewal of Energy and Security Infrastructure
- Discovery and Installation of Security Cameras
- Turnstile Access Systems
- Information Screens
- Installation of Box Office Equipment
- Installation of Cabinet Systems
- Electricity Contracting

Proje
Ministry of Culture and Tourism

Yer
Ayvacık / Çanakkale

Assos is located in the Ayvacık district of Çanakkale, near the village of Behramkale. Assos, the ancient Greek city, is famous for the Temple of Athena. Assos is the place where Aristotle, one of Plato's students, lived for a while and founded a school of philosophy. Assos attracts visitors with its historical buildings and magnificent sea view.
